

Remarks

The specification is being amended to correct two minor errors. Corrected copies of Figs. 1 and 5B are also attached for the Examiner's review and approval, the corrections being the addition of a missing reference numeral in Fig. 1 and changing erroneous reference numerals in Fig. 5B.

The original claims in the application are being cancelled and a new set of claims are being submitted, which claims have been drawn with particular attention to Brown, et al. US patent 5,226,120, cited in the Written Opinion of the corresponding PCT application and submitted in the IDS mailed June 7, 2001.

Favorable consideration and allowance of claims 12 through 23 are respectfully requested.

Attached hereto is a marked-up version of the changes made to the specification by the current amendment. The attached page is captioned **"Version With Markings To Show Changes Made"**

Respectfully submitted,

By:
